NEW TEACHERS

HIGH SCHOOL TRUSTEES COMPLETE SELECTION OF FACULTY FOR YEAR

Members of the Board of Trustees of Glendale Union High School met Tuesday afternoon at the High school. The chief business transacted was the selection of a French teacher. Miss Bertha Drabkins of Los Angeles, who has been teaching in the city schools there was elected.

Other new teachers previously elected were: Mona Gardner, who comes from the north and who will take up work in oral expression, which Miss Abbie Terry performed last year.

Miss Jennie Y. Freeman will take the place of Miss Loomis as acting head of the English Department. Miss Loomis has been given a year's leave of absence.

Alfred Cookman will have charge of general science classes to take the place of Miss Martha Brown, who will teach in Coachella next year.

Miss Clara Lauderdale will teach some of the English classes.

Miss Florence M. Knight will take the place of Miss Eggert as physical director of girls.

Morgan Smith takes the place of Mr. Richardson as machine shop instructor. Mr. Richardson has accepted a position in the Moreland factory.

Charles H. Wright will take the place of Mr. Beach as instructor in wood working in the Manual Arts Department. Mr. Beach is "developing a homestead in Wyoming.

William A. Nord, it is expected, will be assigned some of the classes in mathematics and science. Edgar T. Boughn and Miss Jennie A. McGregor are also expected to teach mathematics.

Miss Iva Hunter of Glendale will probably be assigned some of the Spanish classes and commercial school subjects.

The board experienced less difficulty in securing teachers than it expected, in view of the reports of shortage of teachers. Glendale High is now the third largest school of its class in the county, and possibly for that reason attracts instructors.

Prospective Resident

Mrs. Otto Koss of Chicago, who has been the guest for the past two months of her sister and brother-in-law, Mr. and Mrs. Eugene Brown of 321 Lincoln street, left Tuesday to return to her home. It was her first visit to California, and while here she did about 2000 miles of auto travel in sightseeing. So well did she like the country that she has persuaded her husband to consent to come here to live when he retires from business, as he plans to do in about two years. He is at the head of the Koss Printing Company in the Windy City. Mr. and Mrs. Brown entertained last Saturday with an outdoor social affair at their home in honor of Mrs. Koss, at which thirty guests from Los Angeles and Glendale were present. Mrs. Koss is a composer, two of her songs having been published in Chicago. One of the two is entitled "Just Isabella."

Research Hospital

Permits for the main building, \$60,000, and the utility building, \$6000, of the Glendale Research Hospital in Piedmont Park, were taken out this morning by Charles W. Kent and Son. The main building will have a frontage of 195 feet and a depth of 98 feet. It will be one story in height and constructed of tile, with white cement exterior. There will be fifty rooms in all. The smaller building will be 58x24 feet in outside dimensions.

RETURN TO GLENDALE

R. S. CARD AND WIFE WILL BUILD HOME AND SETTLE DOWN

R. S. Card and wife, who lived in Glendale in 1914 and 1915, then returned to the former home in Denver, Colo., are again in our city, and this time to stay. They returned to California from Denver a year ago, and bought a walnut ranch near Whittier. Disposing of this a month ago they decided to locate in Glendale, so moved into Mrs. Blackman's house at 450 Burchett and began looking around for a lot to build on. They secured one at 319 Patterson avenue, and Kent & Son are now preparing plans for a modern six-room home and a garage, which will be built just as soon as possible for them.

AUTO PARKING

COMMITTEE IN CHARGE OF THIS WORK FOR TRACTOR SHOW MEETS

The automobile parking committee for the tractor show held a meeting Tuesday evening in response to a call from the chairman, Charles L. Chandler, at the office of Lee Thomas, for the discussion of plans for caring for motor parties who visit Glendale during the show and desire to camp here over night. Everyone present seemed impressed with the probability that a large number of motorists would make Glendale their headquarters and would require parking space for their cars and tents. Discussion of the matter developed the fact that because of Glendale's lack of a permanent motor park and because of the present scarcity of pipe and other necessary equipment all available existing facilities suitable for such purpose should be utilized, and it was deemed advisable to procure several locations for temporary motor parks in Glendale with stores, restaurants, amusements, water and other necessities easily available. The committee is not ready to announce its plans definitely, but certain specific matters were referred to individual members for investigation and report at the next meeting to be held August 24. E. K. Barnes was elected vice chairman of the committee and others who participated in the meeting were: D. L. Gregg, George B. Woodberry, L. S. Thomas and Charles L. Chandler. The committee also includes Captain French, Cameron Thom, R. C. Plume, F. P. Newport, Herman Nelson and S. C. Packer.

NOVEL DECORATIONS

PLAN OUTLINED BY TRACTOR SHOW COMMITTEE MOST EFFECTIVE

The decorating committee for the tractor show met with the chairman, Dr. C. Stuart Steelman, last evening and outlined plans. It was decided to put suitable decorations at the main entrances of the city, Brand Boulevard at San Fernando Road, Broadway at San Fernando Road and East Broadway at the Eagle Rock city limits. Then flags and pennants will be used on both sides of these highways to enclose and direct the way to Verdugo Woodlands, where the show is to be held. Thus motorists will be conducted all the way from the city entrances along decorated paths to the place of destination. The other members of Dr. Steelman's committee are his brother, H. E. Steelman, J. P. MacMullin, Judge Harry M. Miller and H. S. Webb. Dr. Steelman suggests that business men be planning how they will decorate their stores for tractor show week.

SWIMMING POOL

MR. LINDLEY WILL SOON HAVE DRAWING OF SAME COMPLETED

Some people are wondering if the swimming pool project has been abandoned. Queried on the subject, Arthur G. Lindley said he was waiting for a map of the park and surrounding grounds which the city engineer is now preparing, and when it is completed he will prepare a plan of the proposed pool and a drawing in perspective showing how it will appear when completed. Thus, the citizens who have already subscribed to the fund for constructing the pool and others who may wish to do so, may see just what they are paying for. It will not be long now, Mr. Lindley said, until all will be ready.

Sanitarium Hospital

Work is being pushed on the new Glendale Sanitarium Hospital at the northwest corner of the grounds. The foundations are all in and ready for the floor beams. This will be a much needed addition to the city's facilities for taking care of the sick and accommodating patients needing operations.

Good Price For Lot

Many people are now taking "fliers" in Glendale real estate, feeling certain that the price is bound to advance in the near future. E. R. Harrington of 334 Howard, bought the lot just north of the Buick agency the other day for \$8600, and is quite satisfied with his bargain.

"RED" DANGER OVER FOR PRESENT

BOLSHEVIK RECOIL FROM POLISH COUNTER OFFENSIVE SAID TO AMOUNT TO ROUT

(Special Service to Glendale Evening News)

BERLIN, August 18.—Polish peace delegates have returned to Warsaw from Minsk bringing the terms of peace demanded by the Bolsheviks, according to a Warsaw dispatch received today. The terms were not made public.

It was reported that the Polish representatives will consult with their government, receive counter proposals and return to Minsk to take up final negotiations before the end of the week.

The British minister at Warsaw was reported today to have advised the Poles not to accept the new terms because they infringe on Polish sovereignty.

PARIS, August 18.—The Polish counter offensive has freed the Danzig corridor and completely disengaged Graudens, the Foreign Office officially announced today.

LONDON, August 18.—The Bolshevik recoil from the Polish counter offensive has assumed the proportions of a complete rout, according to the latest advices from Warsaw today. Only stubborn resistance at critical points has enabled the Russians to prevent the annihilation of their retreating divisions. Unofficial advices from Warsaw said the "red" danger was temporarily over.

The Bolshevik attack on Novo-Tzozgiezsk was repulsed with tremendous losses. The Russian withdrawal became a rout with Polish cavalry closely pursuing the fleeing Bolsheviks, driving them back ten miles.

MOSCOW, (Via London Wireless) August 18.—"The enemy has broken through our lines to the northward of Warsaw," said an official communique today.

This evidently refers to the Polish victory ejecting Russians from the Danzig corridor.

LONDON, August 18.—According to an unofficial wireless, reported from Moscow, armistice negotiations between the Poles and Russians opened at Minsk last night. After an exchange of credentials by the delegates, the meeting adjourned until today.

NEW TRANSPORTATION RATES

ELECTRIC AND STEAM RAILROAD AND STEAMSHIP LINES TO INCREASE FARES 20 PER CENT

(Special Service to Glendale Evening News)

SAN FRANCISCO, August 18.—Railroad and steamship lines within the state were today preparing to raise their rates in accordance with the authority granted by the State Railroad Commission yesterday allowing increases of 20 per cent on passenger and 25 per cent on freight rates.

LOS ANGELES, August 18.—Pacific Electric Railway officials were today preparing new rate schedules following an increase of 20 per cent on passenger fares allowed by the State Railroad Commission. New rates were expected to become effective before the first of September.

LEGISLATORS ADOPT AMENDMENT

WOMEN'S SUFFRAGE NOW BECOMES PART OF THE BASIC LAW OF THE UNITED STATES

(Special Service to Glendale Evening News)

NASHVILLE, Tenn., August 18.—Women's suffrage became a part of the basic law of the United States when the Tennessee legislature ratified the Susan B. Anthony constitutional amendment today. The House passed the ratification resolution which had been previously adopted by the state senate. The vote was 49 to 47.

Later, Speaker Walker, who voted against the resolution, changed his vote, making the result 50 to 46. Walker changed in order that he might later make a motion to reconsider.

OLYMPIC GAMES

AMERICA SUSTAINS RECORD IN ATHLETIC CONTESTS AT ANTWERP, BELGIUM

(Special Service to Glendale Evening News)

ANTWERP, August 18.—Results of Olympic games today were: Broad jump: Peterson of Sweden 1st, Johnson, of America 2d, Abramson of Sweden 3d, Templeton of America 4th, Aastad of Norway 5th, Framson of Sweden 6th.

Ten-thousand meter walk: Frigeris of Italy 1st, Pearman of America 2d, Gunn of England 3d, McKaster of South Africa 4th, Heir of England 5th, Maroney of America 6th.

One hundred meter hurdle: Thompson of Canada 1st, Barron of America 2d, Murray of America 3d, Wilson of New Zealand 4th, Smith of America 5th, Christiansen of Sweden 6th. The time was 14 4-5 seconds, a new world's record.

Shot put: Parolla of Finland 1st, Nicklander of Finland 2d, Livridge of America 3d, Macdonald of America 4th, Neilson of Sweden 5th, Pammer of Esthonia 6th.

RECEPTION PLANS

COMMITTEE TO RECEIVE AND ENTERTAIN GUESTS MAKES PLANS

The reception committee of the tractor show held a meeting last night with its chairman, C. C. Cooper, in the First National Bank. It was decided that a booth be erected at the corner of Brand and Broadway as a general information center and Clem Moore, H. G. Hosford and David Crofton were selected to have charge of this work.

It was decided that badges should be provided for the members of the reception committee and Messrs. D. W. Stephenson and A. G. Lindley were appointed to secure fifty of the same, suitable for the occasion.

It was moved and carried that conferences be held with the transportation and routing committees in regard to securing autos and laying out the best routes for sightseeing trips for our guests, in and about the city.

It was suggested that one day of tractor show week be set aside as a holiday, when all the citizens of Glendale act as hosts to the visitors.

MEETS OLD FRIENDS

C. C. COOPER OF FIRST NATIONAL WELCOMES FORMER TOWNS-PEOPLE

C. C. Cooper, president of the First National Bank has had the pleasure of meeting old friends from Lincoln, Neb., Mr. and Mrs. Fred Easterday. They are spending a month in Southern California with Los Angeles as headquarters. This is their second visit out here and this time they are trying to take in all the sights. Mr. Cooper took them for auto drives on Sunday and Monday, driving out the state highway, up over the Santa Monica range and down through Topanga Canyon, then over to Long Beach.

Mr. Easterday is cashier of the First National Bank of Lincoln and is wedded to his job, but he and Mrs. Easterday are becoming inoculated with the California fever and Mr. Cooper would not be surprised if they decided to move out before long. Of course in such an event he will do his best to induce them to locate in Glendale.

Deer Come To Him

Dale Wood of 1470 East Wilson avenue does not feel the urge to go away on a hunting trip that besets many nimrods, because he has been at work on the Wood ranch in the hills about four miles north of San Fernando, where the deer come to him. He has been there for two weeks and expects to keep busy for two or three more weeks, but will return to his home in time for the reopening of the High school.

Sycamore Canyon Blvd.

It has been decided to put down Willite pavement, four inches thick, at a price not to exceed 18 cents a square foot, on Sycamore Canyon Road, and final action looking to this end will be taken Thursday evening by the Board of Trustees. This will make a smooth pavement 7000 feet in length and 56 feet wide from curb to curb.

VISIT CATALINA

CROWD OF YOUNG GLENDALE FOLK ENJOY BOATING, FISHING

Miller Fishel, Carlton West, Walter Beach, Russell Tummell, William Balthis, Lehman Crandall, Albert Townsend, Homer Plannette and James McCluskey returned home Monday from a twelve-days' camping trip on Catalina Island. A party of young lady friends from Glendale, Misses Ernestine Lyons, Helen Beach, Pearl Pollock, Marie Horgan, Regina Townsend and Lila Webster, were on the island a part of the time the boys were there, and the young people had very pleasant times boating, fishing and bathing. On last Friday, the 13th, a party of 13 of them started for a boat ride, but during a good-natured scuffle before the boat started Carlton West fell through a plate glass window and was badly cut in the back by the broken glass, necessitating first aid treatment and considerable doctoring.

Mrs. Fishel chaperoned the gay party of young people.

CARPENTER-WEST

ROBERT B. CARPENTER AND MISS ETHYL WEST WED AT HIGH NOON

Robert B. Carpenter and Miss Ethyl West were married at the home of the bride's parents, C. E. West and wife, 1138 San Rafael avenue, Tuesday, August 17, at 12 noon. The ceremony was performed by Rev. C. A. Norton, who had christened the bride and had been her pastor when he preached for the Casa Verdugo Methodist Episcopal Church.

The home was beautifully decorated with purple and red asters and ferns. The bridal couple stood beneath an archway canopied with flowers and greenery, attended by Carlton West, brother of the bride, and Miss Lucy Harper, daughter of ex-Mayor Harper of Los Angeles, a girlhood friend of the bride. The latter wore a white satin sport suit and carried bride's roses and orchids. The bridesmaid was gowned in a blue crepe de chine suit and carried a bouquet of purple sweet peas and fern.

After the ceremony a buffet luncheon was served on a flower decorated table. Occupying the places of honor were a large wedding cake decorated with orange blossoms and bearing an inscription in blue: "August 17, 1920," and a heart-shaped bride's cake. At about 2 o'clock the young couple departed to take the train for Coronado to spend two weeks on a honeymoon trip. A shower or rice and old shoes followed them as they ran for their auto, the bride tossing her bouquet backward to be caught by Miss Harper. After September 1 Mr. and Mrs. Carpenter will be at home at 743 East Wilson avenue.

The wedding party numbered 24 and was composed of relatives and a few close friends.

The groom is now in the employ of the West Coast Publishing Company. He formerly taught school in Honolulu, and here he and his future bride first met while she was visiting there. Mrs. Carpenter has been a teacher in the Pacific Avenue schools and is employed for the coming year. She graduated from Glendale High School in 1916.

P. E. Will Increase Fares

The Pacific Electric Railway Company has been granted an increase in rates by the State Railroad Commission, to go into effect September 1. City fare will be 6 cents with no zone. This is only for continuous travel without crossing city boundary lines. Interurban rates will be increased 20 per cent. Glendale's rate will be 17 cents one way and 30 cents for the round trip.

Complete Vote on Bonds

Eagle Rock's vote on the High School bond issue was received Tuesday afternoon. The complete vote was as follows:

	For	Against
Glendale	81	11
Eagle Rock	21	5
Glorietta	13	0
La Crescenta	5	1
Totals	120	17

The voting population of the district is probably 9000.

FOREIGN SERVICE

MRS. A. D. HURD HAS GOOD NEWS FROM SON, GLEN, IN PHILIPPINES

Mrs. A. D. Hurd of 110 South Adams street, is in receipt of a letter from her son, Glen Hurd, which has considerably relieved her mind of anxiety. It will be remembered that he enlisted for foreign service two years ago and was sent to Vladivostok, as a member of the Medical Corps. Conditions were very hard there, as it was extremely cold, and he was detailed to guard duty from four to six hours daily over a beat of solid ice. His feet and hands were frozen, but not seriously. In April he was transferred to Fort McKinley in the Philippines. He writes that the soldiers are well fed and well cared for there, and he is enjoying the life immensely. He expects to be sent to ports in China and Japan before being returned to the United States for discharge.

Mr. and Mrs. A. J. Harrison of 126 West Garfield, have as their house guests for several days, F. K. Harrison, Jr., and wife, of Detroit, Mich., who are touring Southern California for several weeks.

CO-OPERATION

A city's growth and prosperity is due in no small measure to the co-operation of its banks.

We are proud of the part we are playing and have played in the forward development of Glendale.

The First National Bank
Glendale, Cal.

THE WIFE OUGHT TO KNOW

It was Garrick who first gave voice to a present-day truism of the stage that "comedy is serious business." Now comes Mrs. Charlie Chaplin, in her eagerness to tell the world her divorce troubles, to bear out the philosophy.

She presents the slapstick comedian as a somber, serious, nerve-racked and altogether gloomy and morose gentleman who did nothing but sit around in majestic silence and think.

"He used to walk about the town half the night saying he had to think," she tells a listening world; "he never did anything but think."

And well he might. Consider the weight of care on his frail shoulders: How to make a sad world merry. Well may we picture him in his nocturnal meanderings musing over the work of the day, perhaps stopping from time to time to lean against a friendly lamp-post to soliloquize on his art.

"I fear I am losing my aim," we can imagine him saying; "today I had to try three times before hitting Julia full in the face with that custard pie. Which makes me think, I must speak sharply to that baker about the poor quality of pies he is turning out for me. There has not been half enough goo in them recently to create the proper touch of art. And I must take up with my director that last cripple they had for me to kick downstairs. He did not look sick enough to raise a laugh. I must not allow my art to deteriorate."

Assuredly the world will sympathize with the careworn comedian who suffers under such burdens for only one million dollars a year. We insist that the heartless press agent make it two.

HUMANITY AT THE FAIR

The season of harvest festivals will soon be here, and state, county and national fairs are scheduled for the entertainment and education of the people. Autumn feasts are among the oldest and most observed occasions in ancient and modern history. The people of all countries, in every period of time, have looked forward through the summer months to the coming of the fall exhibitions, marking the maturing and garnering of the crops.

Peaceful men and women are those who do not know the pangs of hunger. Such people can get together, have a good time and forget imaginary troubles, while partaking of the bounties of the earth. At such times the merchants are happy because the masses generally are contented.

There is nothing so suited to the needs of the people as the fair, with its complex mixture of fun, frolic and education. Then there are the races, music, shows and other attractions that offer attraction for all classes. The germ of humanity sprouts into a plant of social equality and there is happiness everywhere at the fair.

EUROPE BEGINS TO FEED HERSELF

Some interesting deductions are possible from the report just made by the department of commerce on the foreign trade of the United States in foodstuffs. It appears that we are buying more food abroad and selling less food to foreigners.

During the fiscal year ending with the last day of June, 1920, imports of foodstuffs into the United States increased by more than \$680,000,000 over the previous year, while exports of foodstuffs showed a decrease of more than \$360,000,000. Europe is evidently getting back to pre-war production, while America finds it necessary to supplement its own production of food by increased purchases abroad.

WANT AMERICAN OLIVES

TIRANA, Albania.—(By Mail).—Albania, where every hillside is thick with olives, wants to import its olives from America. The demand for the American product has grown up since the Americans reached the country and introduced, for the first time, the bottled green olive as a table delicacy.

The Albanians never dreamed of preserving and eating green olives until the Red Cross workers imported a few cases of the fruit, as prepared in America, for their personal consumption, and invited their native friends to taste the unfamiliar dainties. Up to that time the people of the country picked their olives only when they were ripe and black and preserved them in strong brine, which robbed them of all their piquant flavor. The fruit was sold by weight from open vats, which stand beside the doorways of the small shopkeepers, collecting all the dust raised by the passing traffic in the grimy streets.

Those Albanians who have been favored with a taste of the plump green olives imported from the United States have unanimously declared that the brine-soaked product of their own country cannot compare with the American fruit and that the Albanian market is wide open for the green olives preserved by modern methods.

The dollar may never come into its own again, but the popular demand is for a nickel that will buy five cents' worth.

WE ARE NOT A CHURCH-GOING NATION

Facts about the interest of the American people in the church are interesting and enlightening. The Protestant church, of which we have struck an average, numbers 201 different denominations; it includes all but the Jewish and the Catholic congregations of America.

In these 201 denominations it would seem that every American would find some shade of religious opinion to which he might attach himself. But of the 106 million of us, leaving out 25 million children under 10 years of age, only 26 million of us are members of Protestant churches, and only 44,788,000 of us are members of any church at all—Protestant, Catholic or Jewish. Incidentally, there are 218,000 Protestant churches and 15,194 Jewish and Catholic churches in America.

We may be a Christian nation, we may even be a religious nation, but who can say that we are a church-going nation?

About half of us in the United States are nominal church members, but far less than half of us are church-goers. Our forefathers were church members and churchgoers, but it is a fact that we churchgoers ourselves pay less per capita in the United States today to keep our churches alive than they did, in spite of the change of money values and our increased prosperity. The gain in membership in our Protestant churches last year was the smallest in twenty-five years and it has been falling for many years past.—Wm. G. Shepard in Harper's.

It is easy for a candidate to see that an incompetent will get into office if his opponent wins.

A candidate in Mexico devotes time that a nominee here gives to a speech of acceptance to target practice.

Small Cars—and the Declining Cost of Tire Mileage

You are aware, of course, that during the last ten years, Goodyear has been able steadily to increase the amount of mileage built into its tires.

Do you realize, also, that this increase has been accomplished without extra cost to the user—that Goodyear Tires are priced no higher today than in 1910?

In no tire in the Goodyear line is the declining cost of mileage more evident than in the present 30 x 3-, 30 x 3½- and 31 x 4-inch size Goodyear Tires made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get the exceptional worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50

RE-ELECT JOHN ROBERT WHITE

A LEGISLATOR WHO HAS MADE GOOD

The re-election of John Robert White to the Assembly is of vital importance to the best interests of this District and of the entire State. Mr. White, with his known ability, his broad viewpoint of the needs of our Public Schools, his realization of the necessity for fair treatment of both Capital and Labor, and his knowledge of the desired aid for the Farmer, coupled with the experience gained in the last session of the Legislature, will be an influential power in the framing of legislation not only for this District and Southern California, but for the State at large. Mr. White was most active in all war measures and strongly favors a just and adequate provision for all service men.

The following were among some of the important measures supported by Mr. White at the last session of the Legislature:

- 1 National Prohibition.
- 2 Prohibition Enforcement Act.
- 3 The Establishment of the Southern California Branch of the University of California.

JOHN ROBERT WHITE
Residence 347 North Orange Street
Glendale, California

Mr. White introduced and fostered the Bill to reorganize the State Government eliminating over-lapping commissions. This measure would save the State Millions of Dollars and still allow the efficient performance of the many meritorious functions of the State Government. In a recent message to the State Board of Control, Governor Stephens endorsed such action for the next Legislative session. This measure, and that of "The Re-Districting of the State," will be among the important measures to be considered by the next Legislature.

The announcement of Mr. White's candidacy for re-election for member of the Assembly has met with a hearty response and the citizens of the 61st District endorse him as a man whose record and achievements as a successful business man, an experienced legislator, and a loyal American preeminently qualify him for this office.

Endorsed by The Association for the Betterment of Public Service

The Following are a Few of the Many Citizens of Glendale Who Endorse Mr. White:

Personals

H. H. Wheeler and family have moved from 830 Orange Grove avenue to 506 East Maple.

Mrs. Louis Sipple of 1241 East Harvard has been very ill, but is now able to be up and about.

Mrs. W. L. Truitt and children of 317 West Doran street, spent Monday picnicking at Santa Monica beach.

Miss Hattie D. North of Dallas, Texas, has been the guest for the past few days of Mr. and Mrs. J. T. Crampton of 325 Burchett street.

Miss Margery Hart of 729 Raleigh street, has been entertaining a little cousin from Oklahoma, Miss Lucile Putnam, who is also visiting friends in Hollywood.

Mrs. Morgan and son, new comers from Los Angeles, who have purchased a home at 1316 East Harvard street, left Tuesday for an extended visit in Chicago.

H. J. Roche and wife, after a residence of twelve years in Hollywood, have chosen Glendale as a place of residence and bought a very attractive place at 615 Howard street.

Building permits for August have already exceeded \$300,000 in value, and many more new residence plans are being prepared. This will be the greatest building month in the city's history.

A. G. Munn of the Valley Press, San Fernando, was a caller at the Evening News office yesterday afternoon. He came down to visit his aged mother, Mrs. Sarah E. Munn of 515 West Colorado.

Miss Bertha Wheeler of 1320 East Harvard street, has returned from a visit of several days in Huntington Park. The Wheelers came to Glendale from that suburb and bought the Dan Carney property.

William Clutter, who took out a permit last week for a garage to be built on his lot at 450 Ivy, yesterday secured a second permit, this time for a five-room house on the front of the lot to cost \$3000.

Mrs. Minnie English, who has been the guest of her sister, Mrs. William Hedges of 121 East Park avenue, has left Glendale to return to her home in Centralia, Ill. She goes by way of Kansas City and Fort Scott, Kan.

Forrest Cole, who has been living at 132 South Franklin Court for a few years, has decided to be his own landlord hereafter, so has bought a lot of E. H. Learned on Sixth street, and is putting up a three-room house on it.

Mr. and Mrs. A. D. Levell and children of 106 East Lomita avenue, have gone to Balboa Beach for a ten-days' outing. Mr. Levell is the accountant for the Henry-Brown Company, which manufactures Sierra beverages.

Mrs. E. F. McLouth and children of North Kenwood, returned the first of the week from Balboa Beach, where they had hoped to stay for a couple of weeks, but being unable to get accommodations, they could not remain. They expect to return for this week-end.

W. A. George, who formerly lived at 400 West Stocker, and then moved to Long Beach, where the family now reside, is in Glendale this week to start the construction of a dwelling house for rental purposes at 1216 Viola avenue. It is to be a well-built modern residence.

Mrs. G. Rosenberger of 1224 South Glendale avenue, who left here about six months ago, has been enjoying a pleasant visit with relatives in Detroit and Grand Rapids, Mich. She is expected home about the sixth of September, and her father and step-brother may come with her.

C. B. Murphy and wife, the mothers of both of them, and their son, Paul E., have recently moved to Glendale from Long Beach, into the residence property they purchased at 320 East Dryden street. Mr. Murphy is connected with the Pacific Mineral and Chemical Company.

Herbert Henning of 203 East Elk avenue, is again home after an absence of four or five months in San Francisco, where he played in the orchestra of the Rialto theater. He has come back to stay and will look around for something in his professional line, which is orchestral music.

Mrs. J. B. Cohn and daughter Elsa of 202 North Central avenue, returned home Tuesday from an extended visit with Mrs. Cohn's mother and other relatives in San Francisco and Oakland. Mr. Cohn is in the mountains somewhere with a hunting party, enjoying much-needed relaxation from business cares.

Mrs. G. W. Sanford of 692 Sycamore Canyon Road, who has been very anxious about the welfare of her daughter, Mrs. Clarence Mayo, has received reassuring news. Dr. and Mrs. Mayo have resided in Walla Walla, Wash., for the past five years. Mrs. Mayo was recently taken to a hospital to undergo an operation. Her mother has been advised she is out of danger and is making a fine recovery.

Charles W. Kent & Son took out a permit yesterday for putting a partition in one of the large class rooms in the second story of the main building of Glendale High school. This will make for more room. The cost of the improvement is stated at \$500.

Tomorrow evening a number of members of the Mary Jane Gillette Tent, Daughters of Veterans of this city, will be guests at a meeting of the Helen Jean Christie Tent, at Patriotic Hall, Los Angeles. They go to watch the work for the purpose of becoming more familiar with it.

Dr. Ira H. Durfee and wife, who recently sold their property at 308 and 310 East California avenue, and are now living at 114 East Los Feliz Road, have taken out a permit for the erection of a three-room residence and a garage at 212 South Glendale avenue, to cost \$2000. James H. Culver is the builder.

Mrs. Maud E. Bowers of 435 South Gramercy, Los Angeles, and Mrs. M. A. Scudder of 320 West Harvard, Glendale, began a ninety-day trip on the 15th inst., to visit among numerous friends in Ohio. Miss Flavia Shaffer, who made many friends during her ten months' sojourn in California, returned to her home in company with them.

Mrs. Klinzerman and her neighbor, Mrs. C. A. Diehl of 1215 South Glendale avenue, who left Glendale for the east about three weeks ago, have been visiting in Allentown and Philadelphia, Pa., and having a very nice time. Business called Mrs. Klinzerman, who sold her home here before her departure. Just how long she will be away is uncertain. Mrs. Diehl is expected home in two or three weeks.

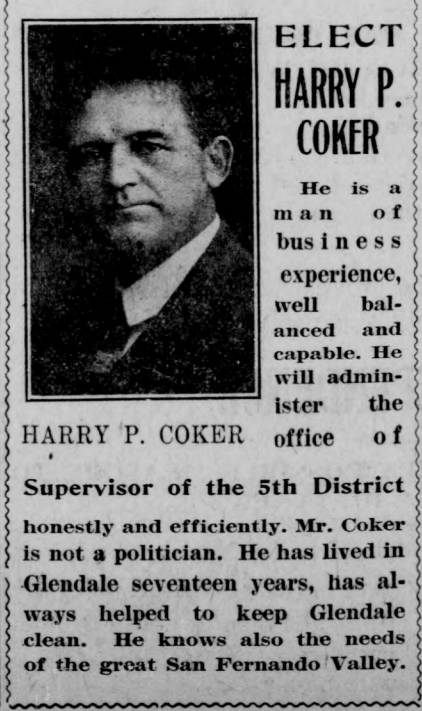

Mr. and Mrs. W. A. Haines of 212 West Lomita avenue, are entertaining old friends from Detroit, A. E. Hunter and his sister, Lena, and Mr. Hunter's little son. Mr. Hunter formerly worked for Mr. Haines and his father in Conneaut, Ohio. The Hunters drove through from Detroit in their machine and had a very pleasant trip. They have decided to remain in California and buy a home. They are looking over Glendale now with that in view.

Dr. Harry St. Clair of 1250 South Maryland avenue, reports that his wife, his daughter Lelia, and his grandson, Robert, are spending a week in Catalina. He expects them home next Sunday. His daughter and son-in-law, Mr. and Mrs. Weiskops and three children of Santa Monica, spent a few days with him, but returned to the beach city Monday night. Miss Mary St. Clair is still in Oklahoma, but her father anticipates she will return before long.

Mrs. George Anderson of 1310 East Harvard, has been entertaining her sisters, Misses Cymbelene and Katherine Taylor, of Texas, who are so delighted with Southern California that they have decided to remain and make their home with Mrs. Anderson. Miss Cymbelene is a teacher of Domestic Science. Her sister will enter the University of Southern California. L. F. Jensen and daughter, Ruth, of Ogden, Utah, have been guests this week in Mrs. Anderson's home.

BEACH OUTINGS

WARD AND ADDISON FAMILIES PICNIC AT SANTA MONICA AND OCEAN PARK

Members of the Ward and Addison families, who are closely related, have returned from a succession of outings at Santa Monica and Ocean Park last week and Sunday. Mr. and Mrs. George Ward went down Monday. Mrs. W. H. Ward of 1234 East Broadway and her sister, Mrs. John Addison, went Wednesday, and Friday night they were joined by Mrs. Thomas Addison. Sunday the husbands went down, taking with them four chickens, which were cooked on an electric stove which Santa Monica provides for the use of tourists and campers on the beach near the picnic tables. Mrs. Ward says it is something new and they found the cooking facilities a great privilege, as lodgings were the only accommodations they could get. Mr. and Mrs. Ray Sherman, daughter and son-in-law of Mr. and Mrs. George Ward, are spending this week at Santa Monica.

BIRTHDAY PARTY

EUGENE WERNETTE CELEBRATES 14TH ANNIVERSARY OF NATAL DAY

Monday evening, the fourteenth birthday of Eugene Wernette was celebrated with a little party given at his home by his mother, Mrs. J. I. Wernette. The young folks had a jolly evening of games and contests and party refreshments were served. The guest list included Dorothy Young, Margery Hart, Carmen Kinsey, Pearl Goodale, Donna Wilson, Ruth Dana, Eula Linkogel, Winifred Parker, Miriam Whitten, George Montgomery, Ralph Eckles, Bradford Ralston, Frank Thompson, Frank West, Ernest Pomeroy, Arthur Barton, Richard Johnson, Kenneth Hellyer.

POLICE PROTECTION

MRS. C. M. TURCK MAKES PLEAS FOR ADDITIONAL POLICE SERVICE

Mr. and Mrs. C. M. Turck of 1013 South Glendale avenue, have offered complaint that petty burglars frequent their section of the city, and it is the opinion of Mrs. Turck that a lack of sufficient police protection allows this menace of petty thieving to thrive. Mrs. Turck states that she has been informed by good authority that a city of the population of Glendale is deserving of a large police force, and she suggests that our city be given the full quota of law enforcing officers.

Mrs. Turck proceeded to state a specific time several evenings ago when in the absence of her family, men were observed by neighbors to alight from an auto and search the premises with a dark lantern. These men left and again returned with other men in an auto, and the men joined in making a thorough search of the Turck place. Notice was turned in at police headquarters, but Mrs. Turck said an immediate response was not made on account of a lack of sufficient help. Mrs. Turck thinks the question of providing sufficient police protection for a city is a very important one and request for remedying the trouble should not go unnoticed.

Mr. and Mrs. John E. Colvin, their son Edgar John, and Miss Mansfield, of 1235 East Lexington Drive, motored on Monday to Santa Monica, where they spent a very pleasant day.

George W. Wilkins, who recently sold out the poultry ranch on San Fernando Road, just north of Colorado, is building an \$800 addition to his home at 406 Salem.

Misses Zenith, Vera and Winnie Sinclair of 245 Sinclair avenue, have returned from a pleasant sojourn at Rendondo Camp City. Mrs. Sinclair spent the week-end with friends in Ocean Park.

Mrs. D. A. Dungan of 329 East Lomita avenue, is suffering from a severe attack of erysipelas on her feet, which renders her helpless. Her aged husband, Dr. Dungan, is also quite ill and confined to his bed the greater part of the time.

Guy H. Hall, general manager and W. W. Rainey, Los Angeles manager of the National Tractor Show, to be held in Verdugo Woodlands, September 20-26, were in Glendale yesterday conferring with the city authorities on Glendale's contribution to the preparations and viewing the progress of the work on the grounds.

NOTICE

Beginning next Sunday, August 22, our store will be open, three hours only, on Sunday (9 a. m. to 12 m.) 7:30 a. m. to 9 p. m. on week days, except Saturday, 10 p. m.

On account of the long hours in the drug business, and in consideration of our employees, we are sure by anticipating your drug wants a little earlier, this change will be of mutual benefit.

A. G. SPOHR.

You Can't Go Away this Summer?

Then take a vacation at home. Live out of doors as much as possible. Make your housework as light as you can. Eliminate all details that are not absolutely essential.

Do away with the weekly wash day during the hot months by sending your linen to the Glendale Laundry. It will give you a restful feeling to have it come home fresh and sweet and clean.

Many a woman has taken a vacation of this kind and been more rested and refreshed than if she had gone away.

Why not try it?

Annexation Refused

The Lankershim News recently stated that the city of Los Angeles was discouraging annexation of that municipality because their present water supply is not sufficient to supply more territory than is now comprised in the city limits and in outside territory that the big city has already made annexation overtures to. Burbank is one of the cities included in the latter class and an annexation campaign is in progress there now, Los Angeles coveting it, because of its many manufacturing plants.

An Urban Nation

The Census Bureau estimates that complete returns will show more people living in the cities and towns of this country than in the rural districts. The majority is expected to be slight, amounting to 51 or 52 per cent of the nation. But even that margin is significant. It means that for the first time in its history the United States has become preponderantly urban—a nation of city dwellers.

Heretofore the nation has taken its fundamental character from the rural population. Hereafter its character is bound to be different, and different ideals are likely to prevail in politics and government. The steady, conservative, solidly American farmer yields to the more volatile and variable city type. Agriculture yields to industry. "Americanism" undergoes a change. The city rules, and sets its own interests first. This, at least, is the tendency.

The flowing of rural population to the cities does not mean necessarily that the nation is not going to be able to feed itself. Production per man on American farms, always high, has steadily risen with the increasing use of labor-saving machinery. It may be assumed that better machinery and transportation and better farming methods will enable a much smaller part of the population hereafter to provide all the food needed. People can eat only about so much food. Increased consumption of wealth runs mainly to manufactured goods, and more people are needed in the cities to produce them.

Thus economically the change will doubtless work out well enough, in spite of temporary difficulties. The most serious phase of the situation is the possibility that the cities may use their superior voting power ignorantly and selfishly against the interests of the farming class, and therefore, in the long run, against their own interest.

Crop Prices

For ten leading crops of 1919 remaining in farmers' hands, the average price received by farmers in every month of this calendar year to and including July was above the average of the corresponding month of last year. If the average of the five years 1910-1914 is taken as 100 for each month, the average price for the seven months of January to July in 1920 is 21 per cent above that of the same period in 1919.

A little thing like lynching the wrong man does not seem to worry some Southern communities.

W. C. MUSHET'S STATEMENT

Mr. Dodge says: "He has made good." How? By changing a deficit in the general fund of \$2,500,000 into a balance in the general fund of \$2,500,000 he has made a net gain for the county of five million dollars.

If this were true he would be entitled to re-election and I would gladly retire in his favor, but it is NOT true.

Where did he get the \$5,000,000? Did he furnish it or was it the result of his economies? Most assuredly not.

Whatever gain the county made was the result of increased taxation.

Then let us thank the taxpayers, rather than Mr. Dodge for the changed condition.

What are the facts? I respectfully decline to compare the figures of January 8, 1917, with the figures of March 31, 1920, for the reason that such a comparison would be manifestly unfair.

Why compare the WORST figures of 1917 with the BEST figures of 1920?

The county fiscal year commences on July 1st and ends the following June 30th. Mr. Dodge became supervisor on January 8th, 1917, in the middle of the year and was not responsible for the financial program for the year ending June 30, 1917.

On June 30th, 1917, the overdraft in the general fund was \$992,509.88.

Since this overdraft can only be replaced from the delinquent taxes of 1917 and prior, its condition on June 30, 1920, still showed an overdraft of \$857,275.27, a net gain of about \$135,000 and not five million, and this reduction was obtained from the payment of delinquent taxes.

It is proposed to have this present overdraft wiped out by the taxpayers' vote this fall from balance accumulated by increased taxation since June 30, 1917.

Mr. Dodge's net gain in the general fund of the county of about \$5,000,000 belongs to the realm of mythology.

Taxpayers—watch your tax bills THIS year.

The increase in valuation is \$158,000,000 in addition to an increase of rate of over 60 cents which means that you will pay over \$10,000,000 more this year than last.

W. C. MUSHET,
Candidate for Supervisor,
Fifth District.

ANTI-GAS FAN GOOD FOR FUEL

(By United Press)

LONDON—(By Mail).—London is still hearing about all those inventions which would have ended the war in double-quick time, if only the war office had adopted them.

The latest claim comes from Mrs. Ayrton, who declares many valuable lives were lost by the war office stupidity in not using her anti-gas flapper fan.

Major H. A. Sisson of the Royal Engineers, a gas expert, says that the fan was popular in the line principally because its handle being made of wood, afforded valuable fuel. This is his account of the official test:

"When Mrs. Ayrton's representatives were in the experimental trench armed with their fans and ready to beat back the gas cloud which was to be set off against them, they all wore respirators.

"Just before the attack it was suggested to their leader that he would probably be able to use his fan more freely if he took his respirator off. Unfortunately he could not be persuaded to rely on the fan alone.

"Had he done so he would certainly have been gassed and much unnecessary correspondence might have been averted."

TRUTH ABOUT ADVERTISING

Advertising is what nothing was ever sold without.

If a loaf of bread is sold to a tramp who managed to gnom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told the "bo" where the bakery was.

Or by the window of the bakery itself.

There isn't a human being who doesn't believe in advertising.

The man who claims not to believe in advertising is a—well, let somebody else say it.

This boob is anxious for everybody to tell other people that his place is a good one to trade at.

But he won't give the advertiser anything for telling the other folks.

He is a something-for-nothing tightwad.

The man who puts on good clothes advertises his own respectability, and expects results in the shape of the respect of others.

The man who dresses poorly because of necessity or purposely, advertises his poverty and expects results in other people's help or contempt.

In fact, every honest person wants advertising.

Only dishonest people are afraid of it, and they get it anyway.

Advertiser it, or advertise for it in the Evening News.

WOMEN'S MEETINGS

LADIES OF GLENDALE PRESBYTERIAN CHURCH HOLD ALL DAY SESSION

The Women's Society of the Glendale Presbyterian Church held its all-day meeting at the church Tuesday. Members to the number of about forty assembled at 10:30 a. m., and did considerable sewing. At noon a lunch was served by the committee in charge: Mrs. J. J. Cooper, Mrs. A. F. Van Ornum and their assistants. A social hour followed and devotional services led by Mrs. James Newton, at which the prayer was offered by Dr. Edmonds and Mrs. J. R. Baker made an excellent talk.

At 2 o'clock the meeting of the Missionary department was called to order.

Report on the Los Angeles Presbyterian by Mrs. George McDill.

Report on synod meeting at Santa Barbara by Mrs. M. P. Harrison.

Gleanings from the Occidental conference by Misses Inez Harrison, Martha Eilers, Elizabeth Edmonds and Margery Smith.

Talk on mission work by Miss Jennie Horsch, who leaves the first of September for Chicago to complete a course she has been taking in the Presbyterian Mission Training school in that city. She will finish in January and will then be ready for an assignment.

Talk by Mrs. Pearl Adams Dressler on her work at Farrukhabad, Central India, in a girls' school. She began by describing a typical day's work and exhibited her baby in the costume that little children commonly wear there. Mrs. Dressler presented to the society a Hindoo rosary which she said was sent to the church by a Hindoo rajah, who had been converted through the mission, and in appreciation wished to make this gift to the church from which Mrs. Dressler came.

THOUGHT KANGAROO A BIRD

A naturalist who accompanied Captain Cook on his famous voyage around the world mistook for a bird the first kangaroo he saw.

This is not likely to surprise anybody who has seen kangaroos in their native wilds, for their leaping powers are so wonderful that at full speed they really look as if they were flying.

A scientist, speaking of this matter to the writer, said: "I chanced to come across two 'old-man' kangaroos, huge creatures, in the Australian bush, and measured the leaps of one of them. Thirty-two feet the tape line showed for each jump, taking it from toemark to toemark."

"It is marvelous to see one of those great marsupials streaking across country in immense bounds, literally throwing itself into the air with its mighty hind limbs, and hardly seeming to touch the earth in its flight."

POLICE STATION THEFT

SENSATIONAL DISCLOSURES AND ARREST OF THREE SUSPECTS PROMISED BY POLICE

(Special Service to Glendale Evening News)

LOS ANGELES, August 18.—Sensational disclosures and the arrest of three men declared to have been implicated in the theft of \$22,000 from a safe in a court room in the Central Police Station, were promised by police here today. The men suspected, who are said to be prominent, are under close surveillance, officers said.

An examination of the looted safe has disclosed that the strong box was opened by some one familiar with the combination and who had a key to the inner door. The books and records kept by Clerk Johnson were to be audited today.

CALEXICO, August 18.—Luis Salazar was expected to assume the governorship of Lower California today in accordance with an agreement reached with Governor Cantu.

INTEREST IN LEAGUE OF NATIONS

SENATOR COX DECLARES IT HAS BEEN REAWAKENED AND SEPARATE PEACE NOT WANTED

(Special Service to Glendale Evening News)

COLUMBUS, August 18.—Governor Cox today declared that the outstanding impression of his first week's stump campaign was that "the interest of the country in the league of nations has been re-awakened."

Widespread resentment has been provoked by Harding's plan to make a separate peace with Germany, Cox declared.

POLISH INDEPENDENCE

SEC'Y. COLBY DECLARES EVERY POSSIBLE MEASURE TO SECURE IT WILL BE TAKEN

(Special Service to Glendale Evening News)

WASHINGTON, August 18.—Every measure that can legally be taken will be adopted to render effectual Poland's political independence and territorial integrity, Secretary of State Colby told a delegation of 350 citizens of Polish extraction today.

GOPHER MENACE

CITY FORESTER SAYS OWLS AND SNAKES BEST EXTERMINATORS

Asked if gophers were destroying many of the trees on the city parkways Forester Marek said scores of them are being ruined each year. The gophers cut off large and small roots just below the ground and the trees soon die. He says the worst enemies of the gopher are the small owls that hoot so mournfully in the trees at times, and the gopher snake. The owls hunt at night when the gopher comes out of his hole to take a stroll, and one pair of the birds will destroy many of the pests in a night. The owls swallow their food whole, then disgorge, in tightly rolled balls the indigestible portion. By observing the number of these balls around the owls' lurking places, one can see how many gophers have been destroyed in a night.

The gopher snake is yellowish in color and grows to 6 feet in length. It has a terrifying hiss, but is absolutely harmless. Many of these snakes are killed yearly under the mistaken notion that they are poisonous, but they are not and can be handled with perfect impunity. Mr. Marek says citizens should be careful not to allow owls and gopher snakes be destroyed as they are thus increasing the gopher menace.

OUR NATIONAL DISCOVERY

It was not so long ago that the vegetarian was looked on as an inconsiderate crank. Among people who were accustomed to meat three times a day he was not a welcome guest. Perhaps this individual who proved often so annoying to the housewife when as a guest he taxed to the limits her resources to provide a meal for him, has not greatly changed. The fact is, however, that as a nation we have changed in our attitude toward eating meat three times a day.

A good share of the propaganda of war time was devoted to teaching the food value of vegetables in order to decrease the home consumption of meat so that there might be more of it to send to the boys abroad. And as dietitians had predicted for many years, people found that they got along very comfortably with much less meat than they had been in the habit of eating. Thus has the vegetarian come into his own.

Spring chickens are probably so-called because of the price to which they are able to jump.

With the increase in railroad fares "there is no place like home" has a literal meaning.

The folks who once invited us to the country for the week-end seem to have moved to town.

LOST—30x3½ inner tube (inflated), on Central Avenue between Colorado and Myrtle Street. E. D. Yard, 427 North Maryland, Glendale.

POOR STARTS OF GREAT MEN

Gladstone gave no evidence of unusual ability as a boy. Napoleon stood 42d in his class at the military academy, but who ever heard of the other 41?

Patrick Henry was a lazy boy, uninterested in study; he failed at business, at farming and again in business; then he tried law, and American history tells the rest of the story.

Darwin, the scientist, could never master any language; his father accused him of being interested only in dogs, shooting and rat catching, and said he would be a disgrace to the family.

Henry Ward Beecher, as a boy, was a "poor" writer, a miserable speller, with a thick utterance and a bashful reticence which people took for stolid stupidity.

Booker T. Washington was born a slave, had an early life of most unusual struggle and became one of the most valued educators of his time.

Grant had a dismal time as a tanner and a farmer, and found himself in distinguished military service.

These men struggled through difficulties to lives of real usefulness, and so can you.—F. H. Cheley in Stories for Talks to Boys.

THE BIG IDEA

A slang phrase is often an epigram. Looking beneath its apparently careless or meaningless grouping of words we find an expression of clearness, conciseness and age-old truth. There is the question asked so frequently and so casually as to seem almost trivial, "what is the big idea?"

But suppose each of us asked himself this question seriously, searchingly and methodically. Every life depends for success and usefulness on the nature of the thought which rules it. The artist, the writer, the musician, the philanthropist, the merchant, the college president—each has found or shall find his true place in life in the nature of the idea that dominates it.

Man is cowardly or heroic, worthless or useful, wretched or happy, by this one test—what is the big idea?

"UNCLE SAM" ---

"During the year 1919 compiled detailed record of the maintenance expenses of several leading makes of cars. In the case of eighteen Fords the average cost of operation was 7.7 cents per mile. Six Dodge cars showed an average expense of 8.6 cents per mile. Four Buicks gave a rate of 9 cents; two Overlands, 9.6 cents; two Reos, 10 cents; four Studebakers, 10.3 cents, and one Paige, 8 cents. The figures given included the expense of ordinary repairs, tires, gas, oil, etc., but did not include interest, taxes, depreciation or licenses. If, to the above mileage costs, were added the rate per mile for the items of depreciation, license, taxes, insurance and interest (all of which are legitimate items in the maintenance of an automobile) the cost per mile would be increased by at least 2 cents."

THE PACIFIC ELECTRIC will carry you daily to and from your work for about 1c per mile, or on your occasional trip for less than 3c per mile. SOME SAVING TO YOU; and not only that, it carries the risk of transportation, not you.

—CAN YOU AFFORD THE ADDITIONAL COST?—
